- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

1. Claims 4-8 are rejected under 35 U.S.C. 102(b) as being fully met by EP 1219464 for the same reasons as set forth in paragraph 3 of the first office action filed 9-04-04. The hydrophilic undercoating in EP 1219464 (para. 286-291) is a hydrophilic surface treatment after the fluorine treatment.

2. Claim 9 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. The applied art does not disclose a silicate treatment as in claim 9 after a fluorine fusing treatment.

3. Any inquiry concerning this communication should be directed to Richard L. Schilling at telephone number 571-272-1335.

4. The prior art cited by applicants has been considered.

In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
